**Certificate of Compliance per RD Buy American**

Teldor Cables & Systems declares and confirms that the OSP Copper Cables as well as Fiber Optic cables, as sold to the RUS Telecommunications borrowers, comply with the following provisions:

- A. The whole production of the cables is done in ISRAEL and the final manufacture is completed in ISRAEL.
- B. The cost of United States and Israel's components within the cables is more than 50 percent of the total cost of all components utilized in the cables.

The cables comply with the agency "Buy American" requirements as domestic product

Teldor cables are accepted by the USDA / RUS agency and are included in the list of "Acceptance Materials"

Teldor's manufacturing process and source of components and/or materials are applicable to the RUS Bulletin 344-3, "Buy American Requirement". Teldor products are included in the updated List of Acceptable Materials issued by USDA and RUS.

Teldor is responsible for an annual compliance with the Agency Buy American requirement and certifying compliance with the Agency Buy American requirement to maintain product listings at the beginning of each year.
